**20630 Mufford Crescent, Unit #309
Langley, British Columbia V2Y 2V9**

www.CTSTURBO.com

WHAT IS INCLUDED

1. Threaded Stud
2. Bracket
3. Plate Holder
4. Hardware.

NOTES

Vehicle used in this guide is a 2018 AUDI S4. Always make sure the car is safe to work on. Do not work on a hot motor. We do not accept any liability for incorrect installation or damage during the install.

STEP 1

Install the threaded stud.

STEP 2

Install the provided cap.

**STEP 4**

Install your license plate and you are done!

**STEP 3**

Install the plate holder with the provided bolts.

Be careful of your placement so the parking sensors don't pick up the plate.
